

NY Canal Corporation Dams

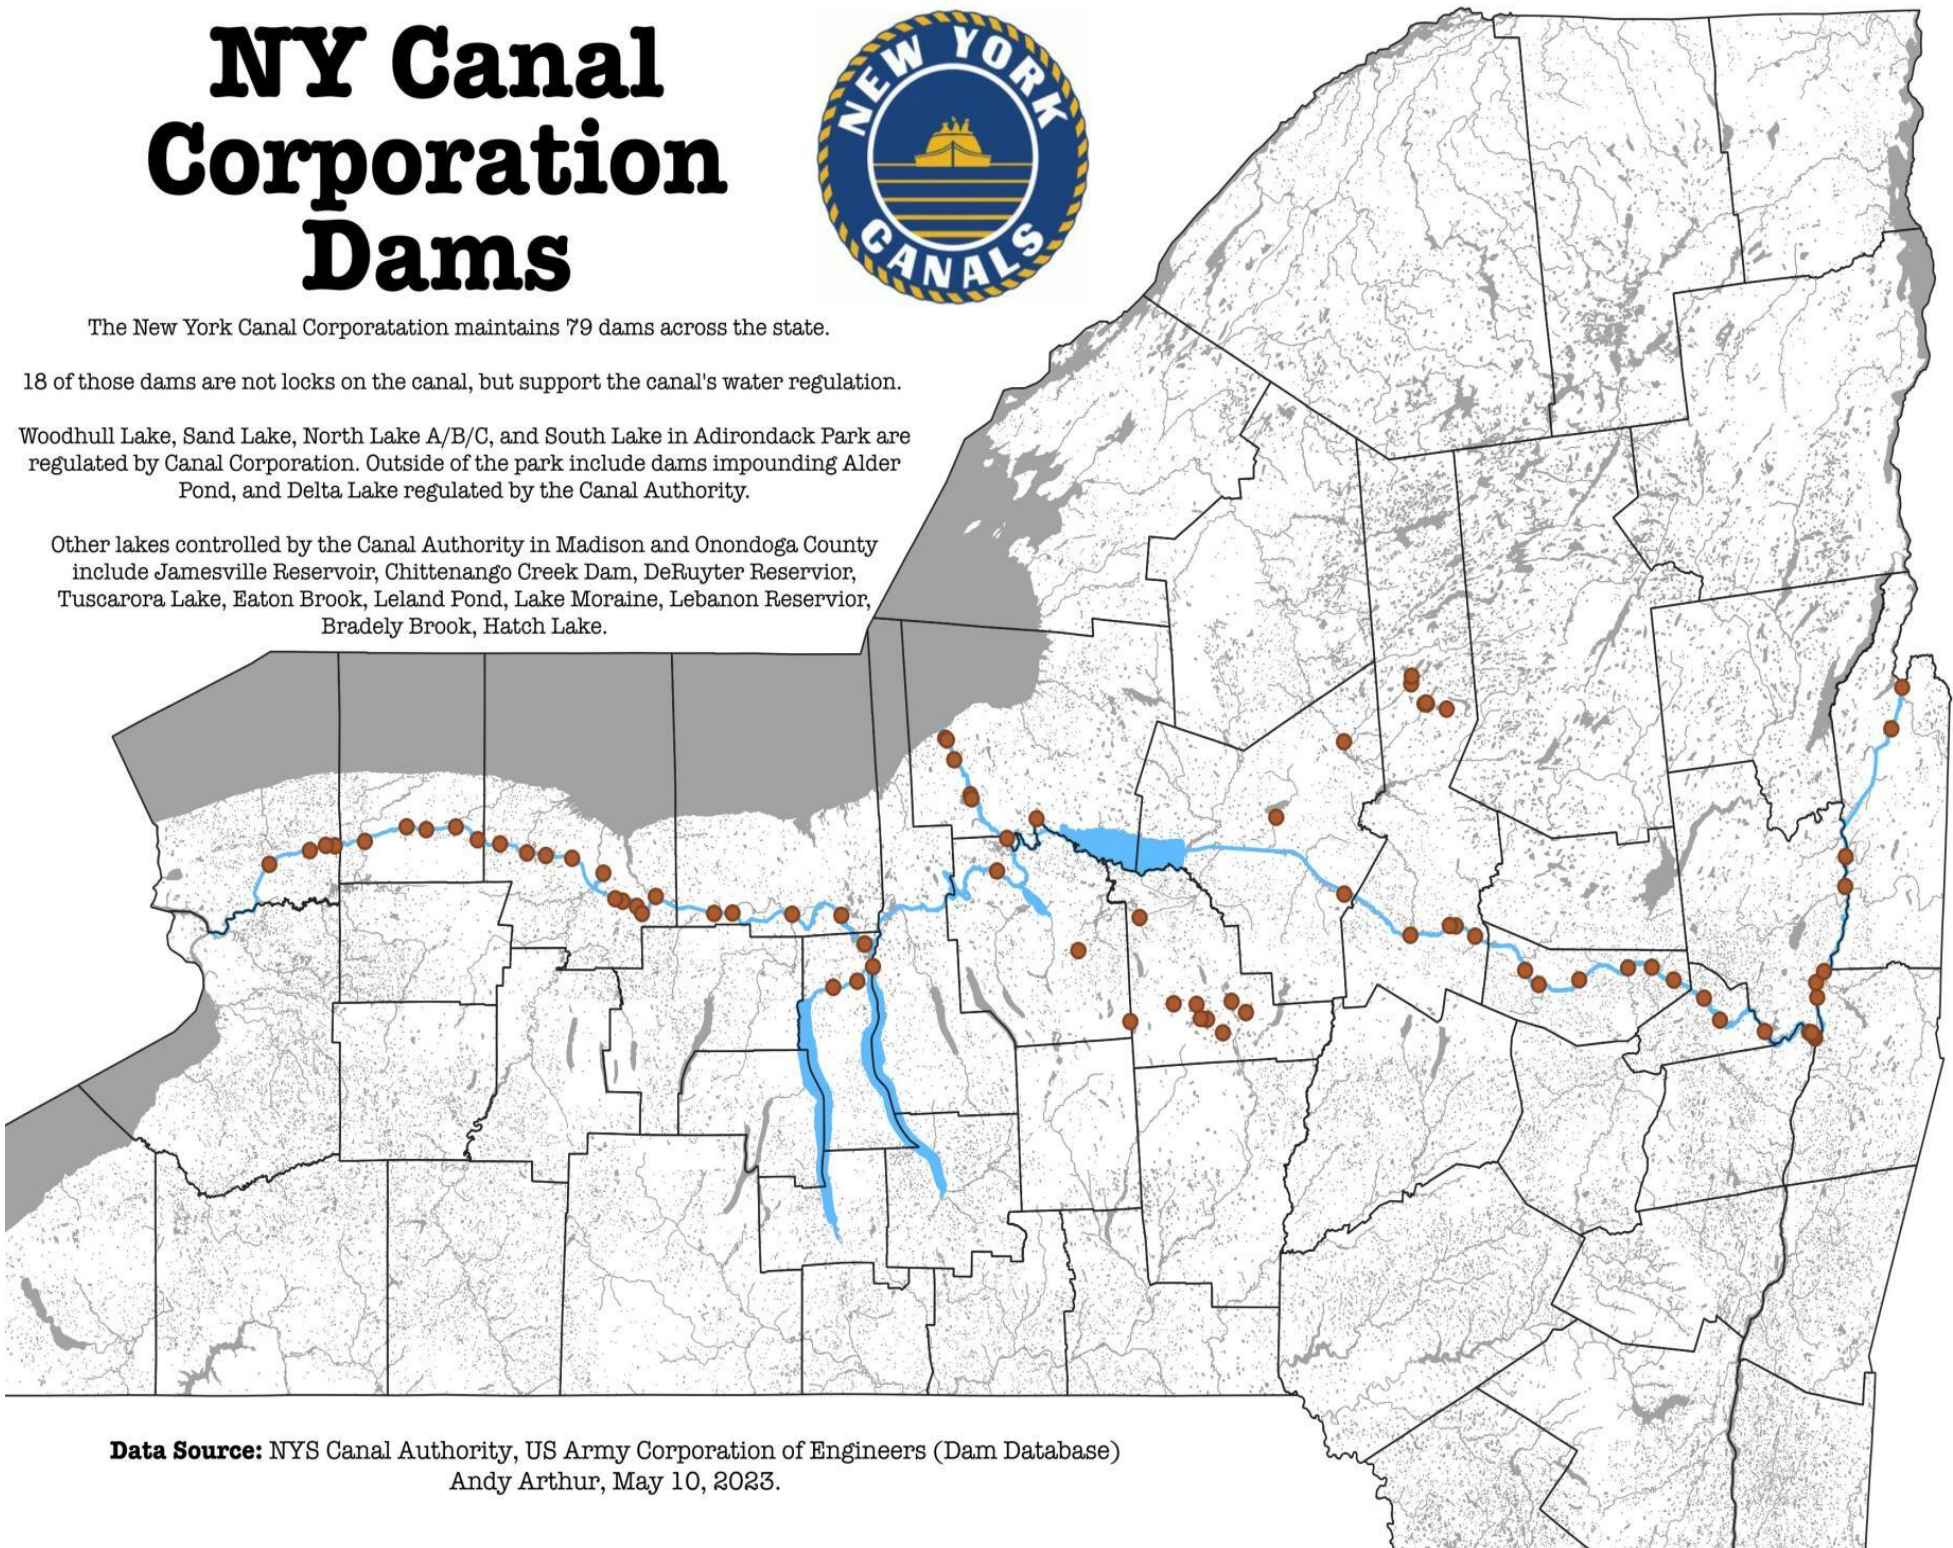

The New York Canal Corporation maintains 79 dams across the state.

18 of those dams are not locks on the canal, but support the canal's water regulation.

Woodhull Lake, Sand Lake, North Lake A/B/C, and South Lake in Adirondack Park are regulated by Canal Corporation. Outside of the park include dams impounding Alder Pond, and Delta Lake regulated by the Canal Authority.

Other lakes controlled by the Canal Authority in Madison and Onondaga County include Jamesville Reservoir, Chittenango Creek Dam, DeRuyter Reservoir, Tuscarora Lake, Eaton Brook, Leland Pond, Lake Moraine, Lebanon Reservoir, Bradely Brook, Hatch Lake.
