# Three Rivers Wildlife Management Area

Three Rivers Wildlife Management Area is 3607 acres and was named due to its proximity to the junction of the Seneca and Oneida Rivers which form the Oswego. The area is situated in Onondaga County about 18 miles north of Syracuse between Baldwinsville and Phoenix. Three Rivers WMA is relatively flat and poorly drained. Visitors should not expect to find rugged terrain or rock climbing potential. Users will find fields, woods, ponds and marshes.
