

Lake Durant is a 327-acre lake south of Blue Mountain Lake on NY 28 & 30. There are some primitive campsites on the lake, along with an adjacent fee campground. Popular activities include canoeing, fishing, swimming, and hiking the nearby Northville-Placid Trail. Due to its shallow, rocky nature, it is best explored with smaller boats, though motorized vessels are permitted.

Map created by Andy Arthur on 10/23/2025 in QGIS 3.44.3-Solothurn. Contains NYS GIS and DEC data with additional campsites added by Andy. More maps at andyarthur.org.
