

Safford Pond Trail is a 5.4-mile out-and-back trail. It features a densely wooded path, wetland views, a side spur to West Pond Falls, and finishes at the edge of Safford Pond. The first 2.5 miles follow a wide, cleared snowmobile route that is flat and highly accessible. The final 0.4-mile split heading toward the pond is heavily overgrown, narrow, and poorly marked. Access the parking lot on the left side of Big Moose Road, situated right before Glenmore Road.
